*Paint Protection Film*

UK Registered Installers of  
VentureShield™ Paint Protection Film.

**Its a fact! General wear and tear inflicted on any vehicle over a 12 month period is unavoidable, it's just a part of life on the road.**

**Another fact you probably know is that the general wear and tear caused to the body work and windows of leased vehicles can lead to expensive bills at the time of returning the vehicle to your leasing agency.**

**We aim to cut those bills.**

If you're currently leasing any kind of vehicle for business needs, get in touch and find out if we can cut your costs.

**Our solution:**

- Will cut costs on fleet management
- Will eradicate or significantly reduce expensive body work repairs and re-sprays

## **VentureShield™ - The Product**

Our Paint Protection products are made from VentureShield Paint Protection Film which is an indestructible eight mil thick (.008") clear Urethane film (.015 also available). The VentureShield protective film is the toughest film on the market today, and requires no special care or maintenance. Specification sheets and samples can be sent on request.

VentureShield is optically clear and guaranteed for life against yellowing or cracking due to UV exposure. The protection remains invisible, allowing the manufacturer's aesthetics to shine through unaffected.

The film is approved by major Automotive Manufacturers such as Ferrari, GM, Ford and Nissan to withstand freezing temperatures, extreme heat, acidic oils and gasoline, along with attacks by stones and other abrasive elements.

**In review, VentureShield exhibits the following:**

- Crystal clear, high gloss, non-yellowing urethane film
- Aggressive, weather resistant, ultra transparent, acrylic adhesive
- Clings tenaciously, yet removes cleanly, without residue, from fully cured paint surfaces
- Extremely flexible, to conform with no wrinkle or creep
- Superior anti-corrosion formulation
- Highly resistant to UV, oils and chemicals
- Patterns cut accurately by computer controlled devices
- Is virtually invisible, VentureShield™ does not alter the aesthetics of the vehicle or its factory finish

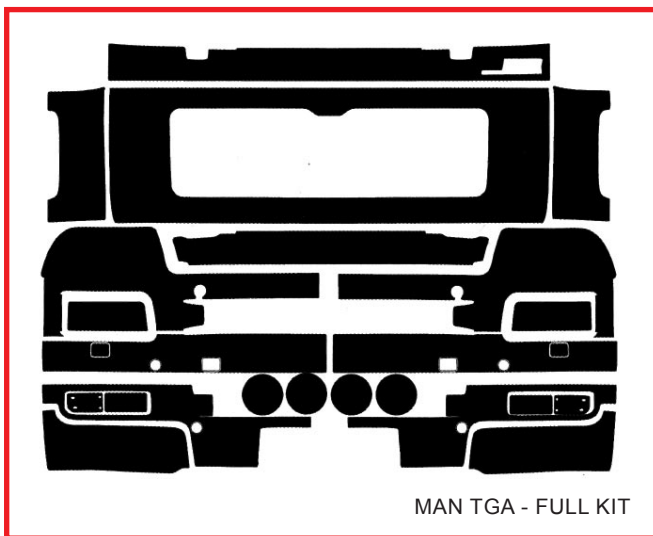

**PLEASE GET IN TOUCH FOR FURTHER INFORMATION**

Our patterns offer you an invisible barrier between your vehicles and anything Mother Nature can throw at it – literally!

Our pattern designs utilize computer aided design techniques and are the finest and most comprehensive patterns in the industry. Our goal is to yield maximum coverage protection with minimum number of seams and relief cuts.

Here is a list of our pre-designed truck patterns available for installation today;
